

Spotter Registration

Are you interesting in joining over 3000 other spotters in becoming an official National Weather Service spotter? After attending a NWS spotter training class or watching the on-line training, you are welcome to join! Belong to a fire department or other spotter affiliation? No problem, you may join the NWS network too!

Registration is easy! Just send the following information via e-mail to:

dmx.spotter@noaa.gov

You may leave this form, complete with the required information, with the instructor after class. The form may also be mailed to the National Weather Service at:

National Weather Service Spotter Program
9607 NW Beaver Drive
Johnston, IA 50131

Are you already a registered spotter? You do not need to submit a new form unless you wish to update your information.

Required information (please print legibly) – ***Your Privacy is Important! Registration information will not be given to anyone outside the National Weather Service except for the emergency management director in your county (if requested)***

Name _____

Mailing Address:

Residence Address (if different than mailing address)

Phone Number(s) (home/cell/work) – Please provide the number you would like us to call!

E-mail (not required, but recommended)

You will receive your spotter number via e-mail (if provided), or US mail. Please allow up to a month for a reply do due to the large number of registrations to process. Due to the volume of spotter registrations, certificates of class completion or individual spotter cards are not provided.
